

WISHLIST OF IN KIND SUPPORT

A contribution of in-kind support to the Move United Junior Nationals will enhance the quality of the experience for athletes and help offset the cost of developing, planning, promoting and coordinating the event, which exceeds \$250,000. Your support will transform lives and help make the event a reality for the local community and athletes it serves.

In-kind support values are applied towards sponsorship levels and are welcomed as loans or out-right donations.
