

Retrieving the results file from Hy-tek

1. Open Hy-tek
2. Go to the file menu...export...select Semi-colon Delimited Results.
3. Take the default settings for all results.

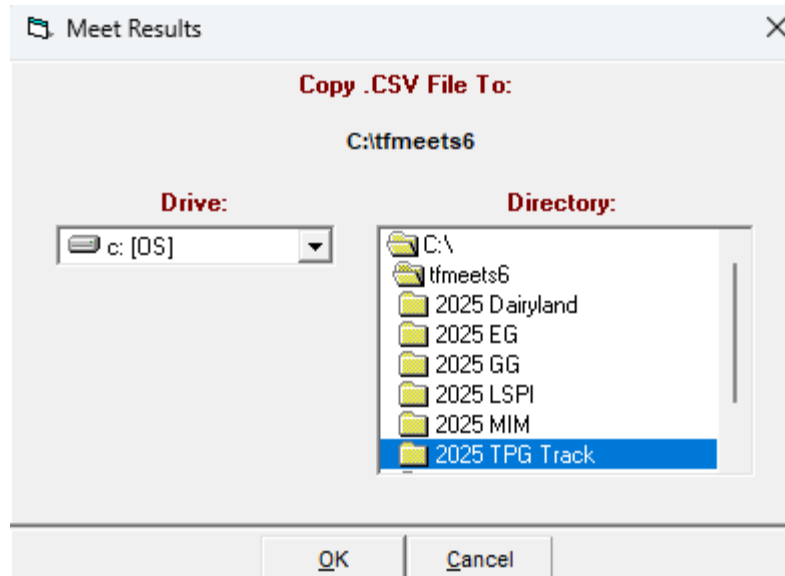

The 'Export Results' dialog box is shown. It has a title bar with a close button. The main area is titled 'Selection Criteria' in red. It contains three dropdown menus: 'Team', 'Division', and 'Region'. Below these are two groups of radio buttons. The 'Gender' group has three options: 'Both' (selected), 'Female Only', and 'Male Only'. The 'Relays' group has three options: 'Relays Plus Athletes' (selected), 'Relays Without Athletes', and 'No Relays'. At the bottom are 'OK' and 'Cancel' buttons.

4. Click OK after the export is finished.

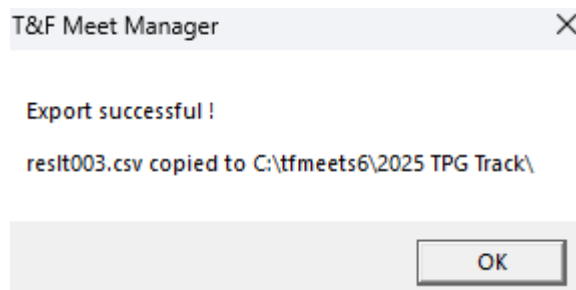

The 'Export File Progress' dialog box is shown. It has a title bar. The main area is titled 'Export File Progress' in red. It displays the following information: 'Entries : 573' and 'Relays : 6'. Below this, it says 'Elapsed Time : 0 second'. At the bottom, it says 'Export Finished' in red, and there is an 'OK' button.

5. Browse to a file location to store the file.

6. Click OK.
7. Message reports that the export was successful.

8. Rename the export file to include your event name.
9. Example 2025 TPG Results.csv
10. Submit this file with your Move United post event reports.
