# Sports Make Us More

Sports make us more — more determined, more powerful, more ourselves. And they show the world what we can do. Whether you're looking to play or compete, get involved.

## Who We Are

Move United uses the power of sport to push what's possible for people with disabilities, confronting ignorance, fueling conversation, and inciting action that leads us to a world where everyone's included. Move United is the national leader in community adaptive sports, empowering 125,000 youth and adults with disabilities each year to live to their fullest potential. Move United's 245+ member organizations in 45 states are united by a single mission: ensuring everyone, regardless of ability, experiences the life-changing power of sport and is fully included in their community.
